

Developmental Medicine & Child Neurology

Volume 32 1990

INDEX

Authors and subjects of articles in the body of the journal are indexed together. Abstracts are included in the general index and listed under both subject and name of first author, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'. Co-authors are cross-referenced to first author.

KEY TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-94	No. 7	565-658
No. 2	95-188	No. 8	659-752
No. 3	189-280	No. 9	753-845
No. 4	283-374	No. 10	847-940
No. 5	377-470	No. 11	941-1034
No. 6	471-563	No. 12	1035-1128

ABEL SMITH, A. E. and KNIGHT-JONES, E. B.: The abilities of very low-birthweight children and their classroom controls, 590

ABRAHAMSSON, L. See LAEGREID, L.

ADAMS, J. M. See CAHAN, L. D.

Acquired aphasia in childhood: the Landau-Kleffner syndrome, 270

Adenosine deaminase (ADA), retroviral vector-mediated high-efficiency expression of, in haematopoietic long-term cultures of ADA-deficient marrow cells (abstr.), 187

Adenoma, pituitary, growth patterns in, 69

Adolescents

with chronic disability, sexuality in: related

knowledge, attitudes and behaviour, 602

with epilepsy: survey, 849

with myelomeningocele, life conditions of, 698
with spina bifida, mainstream classrooms for, implications, 20

AICARDI, J.: Epilepsy in brain-injured children, 191

— and BORDARIER, C.: Dandy-Walker syndrome and agenesis of the cerebellar vermis. Diagnostic problems and genetic counselling, 285

AKSU, F.: Nature and prognosis of seizures in patients with cerebral palsy, 661

ALBERTYN, L. See STERN, L. M.

ALEXANDROWICZ, J. See HARTLEY, R.

American Academy for Cerebral Palsy and Developmental Medicine Annual Meeting, 1989: Report, 179

Annual Meeting, 1990: Abstracts *Suppl.* 62

AMIEL-TISON, C.: Neurological assessment of the neonate revisited, 1109

AMIT, S. See ZELNIK, N.

Amyotrophic lateral sclerosis, fragmentation of Golgi apparatus of motor neurons revealed by organelle-specific antibodies (abstr.), 938

ANCONA, A. See BENASSI, G.

ANDAY, E. K., COHEN, M. E. and HOFFMAN, H. S.: The blink reflex: maturation and modification in the neonate, 142

Angelman's syndrome in infancy, 1005, 1011

ANNOTATIONS

Acquired aphasia in childhood: the Landau-Kleffner syndrome, 270

Acute bacterial meningitis

diagnosis, 83

treatment, 174

Asperger's—is it a syndrome? 743

Biarticular muscles transfer moments between joints: hypothesis, 456

Biochemical screening for chromosome disorders, 172

Boys more vulnerable to psychosocial growth retardation? 1022

Callosal section for epilepsy and the avoidance of doing everything possible, 267

Crying curve, normal: what do we really know? 356

Epilepsy: anti-epileptic drug monitoring: an overview, 923

- Intrapartum fetal monitoring, benefits, assessment of, 547
- Metabolic disease in the neonate, 79
- Neurological assessment of the neonate revisited: a personal view, 1109
- Old syndromes and new cytogenetics, 824
- Optic pathway gliomas in neurofibromatosis, 820
- Seizures, risk of, 645
- Visually impaired child, dangers of assessing, 1105
